Good morning George,

Thanks for the info. The event will be across the square from ours - we might just go there. I'll definitely watch the webcast if something more urgent comes up and I need to be in my office. There's a lot of fire drills that I've been trying to work on for a while now....

I still owe you that grant application and the mid-year report and I did check the data again yesterday - I'll submit this tomorrow after checking in with Rob..

Regards,

Jerry

The California Department of Conservation is sending you this email on behalf of the California Air Resources Board (ARB) because your interest in the regulation of oil and gas production in California.

ARB staff invites the public to participate in a public workshop regarding ARB's proposed regulatory activities for oil and natural gas production, processing, and storage operations, including well stimulation on Monday, August 25, 2014. Staff will solicit stakeholder feedback during the workshop.

The workshop will be held at the following time and location:

DATE: Monday, August 25, 2014
TIME: 1:00 p.m. to 4:00 p.m.
LOCATION: Coastal Hearing Room, Second Floor
ADDRESS: Cal/EPA Headquarters Building
1001 "I" Street
Sacramento, California 95814

This workshop will be webcast. You may access the webcast at ARB's homepage, <http://www.arb.ca.gov>.

You may also participate in this workshop by teleconference by dialing 1-800-857-1778 (for domestic) or 1-415-228-5013 (for international), give the participant code: 9649516 and leader name: Ms. Elizabeth Scheehle. Please note that if you call internationally, it is a toll call.

Staff presentations and additional information will be available at: <http://www.arb.ca.gov/cc/oil-gas/oil-gas.htm>.

If you have any questions regarding this workshop, please contact Ms. Johanna Levine, Air Pollution Specialist, Emerging Technology Section at (916) 322-3499 or via email at jlevine@arb.ca.gov.
